C. S. Balasundaram Iyer, Esquire;

General and Revenue Departments.

Sir,

With reference to your docket No. 6241-8 / L.F. 178-06-1 dated the 11th January 1907 regarding the maintenance of District Fund Roads by the levy of tolls, I have the honor to state that the Subject was discussed at the meeting of the District Board held on the 4th February 1907, when it was resolved that toll-gates should be established at the marginally noted places. Before submitting my recommendation, I made enquiries as to the probable income that would be derived, and found

1. Baddarbyle on the Sorab - Sirsi Road.
2. Sampegod on the Sorab - Sirsi Road.
3. Bavenkalli or Agasenkalli on the Shankhoppa - Hangal Road.
4. Eganigana Kaneve on the Honnali - Tumbinkatte Road.

found that, except at Badadabyle the estimated receipts would be very small and would not even cover the cost of the establishment which will have to be maintained for the collection of tolls. The matter was therefore laid before the meeting of the District Board again on the 5th August 1907 when the Board resolved to establish a toll-gate only at Badadabyle on the Soab Siddapur Road. In submitting herewith the Boards resolutions, I beg to recommend that sanction may be accorded to the establishment of a toll-gate at Badadabyle with effect from the 1st October 1907.

2. In this connection the question of levying tolls on such of the District Fund Roads as are used by the carts carrying manganese ore with a view to meet the extra expenditure involved in repairing these roads was considered by the Board and it was resolved that tolls be levied at Soolangee, Benkipur, Riponpett and Hirthalli on carts laden with manganese

Manganese Ore and that the receipts be applied solely for the proper maintenance of these roads.

I have the honor to be,
